Subject: Microsoft Settlement

Honorable Sirs,

We think this case has long overdone its constructiveness. Too much politics have been in play. It is in the consumer's interest to settle this promptly with a minimum impact to Microsoft who has helped bring the computer industry up to its high level. Without their aggressive tactics we believe the computer science would be behind where it is at this time.

We urge a prompt settlement to end this turmoil.

GOD BLESS,

Joy & Lila Brown 1526 Thomas St. SW,
